

British Institute of Funeral Directors

Registered Tutor List

The British Institute of Funeral Directors (BIFD) is responsible for the registration, training and examination of Tutors who wish to prepare students for the BIFD Certificate in Funeral Service and the Diploma in Funeral Service Examinations (Level 4).

The list is published each year in alphabetical order of the tutors. If there isn't a tutor in your area please ring your nearest tutor who will assist you with either alternative arrangements or finding you another tutor who could help.

As each tutor sets his/her own tuition fees and schedule, students should contact them direct for this information.

All tuition is via face-to-face sessions and can be weekly, fortnightly or monthly – this can be discussed with the tutor.

Should you require any further information, guidance or advice on the courses available, please contact: BIFD National Office - Tel: 0800 0322733 or via e mail – admin@bifd.org.uk.
